1) Executive Summary

Bowerbird Energy is an electrical contractor which specializes in energy engineering and O&M services. Our experience spans nearly a decade servicing commercial and government facilities throughout the mid-Atlantic region.

Our leadership team is comprised of military veterans (both officer and enlisted). We pride ourselves in hard work, dedication, and honor in everything we do.

2) Qualifications and Experience (REF: Page 17, Section B, Para 1)

a) Organizational Chart

Virginia Class A Commercial Improvement Contractor with Electrical Designation License # 2705173840. See Enclosure 1.

SWaM Certification - # 716129, Service-Disabled Veteran-Owned Small Business. See Enclosure 2.

- b) Nearly 10 years servicing commercial and government facilities with electrical contracting work, including renewable energy, energy efficiency, tenant improvement, and on-going maintenance services. Properties serviced include office buildings, education, manufacturing, restaurant, multi-family, medical facilities, and others.
- c) List of clients. See Attachment D.
- d) Lost clients. See Attachment D.

3) Plan for providing services (REF: Page 17, Section B, Para 2)

- a) Chris Rawlings will be the main point of contact for anything requiring “higher level review” (e.g., questions regarding payment, quality assurance, or HR-related issues). He will be the responsible party for the entire contract.

Kris Klaiber will immediately backfill Chris Rawlings’ position (in the event of absence) and support the role in all managerial tasks.

Marc Price will be the main point of contact responsible for supervision of workers on-site, progress reports (daily/weekly), safety, and questions related to logistics, coordination, support equipment, and materials & handling. He will coordinate with the vendors, subcontractors and all internal and external stakeholders to ensure projects are completed on time and within budget. A permanent replacement will be found within 60 days of the first notice to proceed on a task order. This replacement will live within significant proximity of the site to ensure the needs of the contract(s) will be met.

Depending on the volume of task orders, we may have a dedicated estimator assigned to this account. Our current team will ensure timely and accurate responses to task orders until this position is filled. An estimator position is currently open and posted on our website and will be filled adequately to fulfill the requirements of this contract if/when needed.

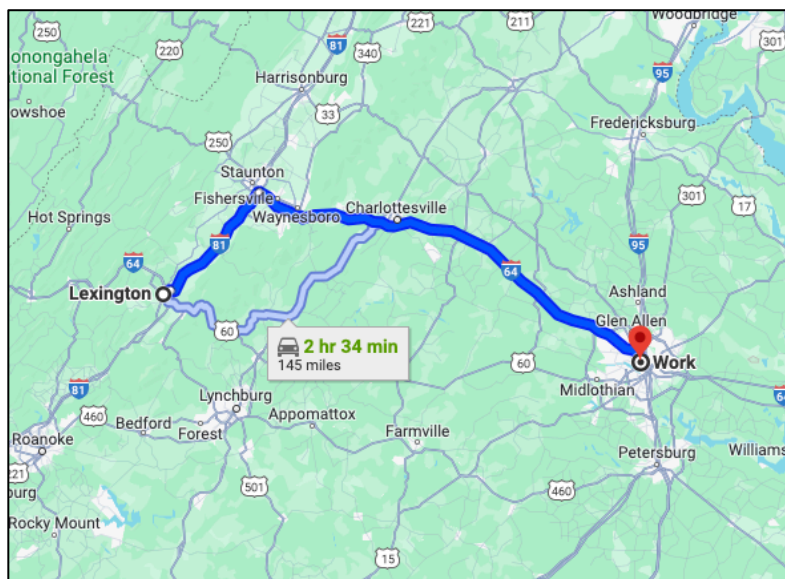

- b) Our team will work to ensure all requirements of the contract and specific task orders are filled. Our team leans heavily on our experience in construction, engineering, project management and lean six sigma practices to ensure continuous process improvement. We also incorporate technology in almost every aspect of our business to streamline approaches in executing projects and ensuring accountability among team members. From our federal experience we are well versed in documentation, organization, and compliance with regulations and contract requirements. A seamless file sharing system will be set up with the Institute to ensure full access to schedules and progress updates as they occur.
- c) Southern Companies, Energy Control Company, River City Industrial, Old Dominion Concrete, S.D Terry Paint Co., U.S Electric, BISCO Insulation, Greenbound Consulting, or others depending on the scope of work.
- d) The pricing terms, warranties, and benefits specified in our proposals to the Institute will be equivalent to or better than the same offered to our other clients. Additionally, our team complies with the “Price Reduction Clause” in accordance with the GSA’s Federal Supply Schedule program.
- e) Bowerbird Energy is willing to furnish the Commonwealth of Virginia Performance and Labor and Material Payment Bonds for some projects when requested by the Institute.

- 4) Small, Women-owned and Minority-owned Business (SWaM). See Attachment E and Enclosure 2.
- 5) References. (REF: Page 17, Section B, Para. 4). See Attachment D.
- 6) Financial Stability (REF: Page 18, Section B, Para. 5). See Enclosure 3.
