COMPANY GENERAL EXPERIENCE

VIII, A, 6, a), b

Advanced Environment Solutions, Inc. (AES) is a full-service Mechanical, Electrical and Plumbing company. AES is a Class A contractor, licensed to transact business in Virginia, is fully bonded and insured, is registered with eVA, and is certified as an eVA Micro/Small Business certified contractor. P1

The AES leadership team has been successfully partnering to deliver client solutions for over 30 years. Over the years several team members have worked as instructors at local trade schools in support of apprentice programs teaching the next generation of tradesmen. Our team is often called upon by very diverse clients to develop, implement or create a new solution or deliver an alternate or challenging solution. Creativity, a deep understanding of the industry principles and the ability to translate that to successful projects keep many of our clients coming back to us – for decades. P2

All work will be performed by qualified technicians utilizing industry standard means and methods, performed in accordance with ASHRAE, Sheet Metal and Air Conditioning Contractors' National Association (SMACNA) standards, electrical and other building code/s, in compliance with project engineering documents, Virginia state building code and provided project documentation. P3

LOST CLIENTS WITHIN THREE YEARS(See Attachment C & D)
(See Attachment D)VIII, A, 6, a), c
VIII, A, 6, a), d

P4

OFFERER'S METHODOLOGY AND PLAN

VIII, A, 6, b), a

AES' commitment to VMI will be to provide the highest level of attention to requests, inquiries, and maintain the highest standard in delivering work. We will communicate, and collaboratively share information so all parties are aware of progress and can make decisions based upon relevant and recent information. The AES team will receive site specific training before any mobilization – safety, on-site presence and responsibility, traffic, impact and all requirements defined for a specific opportunity, as well as campus-wide policies, or unique to a project, and follow direction by site staff. P5

For the duration of this contract, AES will base VMI work out of our Raphine, VA location for all trade requirements. This provides a local service provider within a 20-minute drive of the VMI campus. Business for VMI, including day-to-day operations, projects, and service will be performed by qualified AES staff and technicians via our Raphine location. AES will provide VMI with optimum staffing coverage for projects and services. Effective planning of resources will be built into schedules to deliver results for established parameters. We can ramp up required qualified labor rapidly for larger projects and service whenever needed by simply reallocating and scheduling our company staff. P6

Our business approach is to build long-term relationships, provide value for our existing and future customers, and develop solutions in collaboration with our clients' team. We draw upon decades on industry experience, but also look outside the box, while being responsive to the customers' needs through actively listening and learning. P7

AES employees deliver support for customers' needs in a professional, organized and timely manner. We strive to provide our customers with the best experience possible when working with AES. AES will provide VMI phone numbers that are monitored 24x7, if an after-hour call becomes required. P8

AES will create a client team to work directly with VMI. The team will actively learn the operations of VMI, become familiar with process and procedures, and work to smoothly integrate as a service provider on campus. Our company leadership team has extensive experience in Project Management, budgets, schedules, managing labor resources for projects, delivering projects on time and on budget. Our approach is one of solution driven collaboration. P9

OFFERER'S COMMITMENT TO THE INSTITUTE

VIII, A, 6, b), b

AES is committed to providing all resources, personnel, investment, etc. to the Institute to deliver every project at the highest level of expectation. We take pride in what we do, how we deliver it, and the level of satisfaction our clients receive from our delivered work. P10

SUBCONTRACTORS THE OFFEROR WOULD USE

VIII, A, 6, b), c

In the execution of trade work, it may be required to utilize subcontractors. These subcontractors would be project specific and could (not always) be any of the following (but not limited to) crane/rigging, refrigerant reclamation and proper disposal, 3rd party balancing or commissioning, BAS if directed by VMI, large equipment delivery, lightning arrest systems, or others. Any subcontractor would be specific to a given project, and AES will provide a list of selected subs to VMI in advance.

P1

COMPARABLE TERMS

VIII, A, 6, b), d

Prices, terms, warranties and benefits specified in the proposal are comparable to or better than the equivalent terms being offered by the offeror to any present customer.

P2

FURNISH A BOND

VIII, A, 6, b), e

AES is willing to furnish Commonwealth of Virginia Standard Performance and Labor and Material Payment Bonds for some projects if so requested/required, and understand the cost associated of adding bonds would be in addition to other project costs.

COMPANY LOCATIONS RELATIVE TO THIS PROPOSAL

VIII, A, 6, f), a

The original AES company location was opened in Lorton, VA and now operates out of its own modern facility in Fredericksburg, VA. Our sister company, AES Valley Heating and Air, a wholly owned sister company of AES, is in Raphine, VA. AES Valley is a full-service HVAC, P, E company in Raphine, VA, serving the greater Valley area. The companies are separate business entities, both AES and AES Valley have the same principal ownership. Also see page 3 under Org Chart.

P6

ACKNOWLEDGE, SIGN & RETURN FORM & ADDENDA W/ SIGNATURES

VIII, A, 6, f), b

Advanced Environment Solutions Inc. (AES) expressly states our interest, and respectfully submits this RFP response for consideration, upon review of the project documents and addenda. In compliance with and subject to request for proposal documents specified by reference herein, AES proposes to furnish all labor, equipment, and materials and perform all work necessary for successful completion of all/any work executed through this RFP, in accordance with the project documents and Addenda noted below, in compliance as posted on eVA.

Definitions

Small Business: "Small business " means an independently owned and operated business which, together with affiliates, has 250 or fewer employees, or average annual gross receipts of \$10 million or less averaged over the previous three years. Note: This shall not exclude SBSD-certified women- and minority-owned businesses when they have received SBSD small business certification.

Women-Owned Business: Women-owned business means a business concern that is at least 51% owned by one or more women who are citizens of the United States or non-citizens who are in full compliance with United States immigration law, or in the case of a corporation, partnership or limited liability company or other entity, at least 51% of the equity ownership interest is owned by one or more women who are citizens of the United States or non-citizens who are in full compliance with United States immigration law, and both the management and daily business operations are controlled by one or more women who are citizens of the United States or non-citizens who are in full compliance with the United States immigration law.

Minority-Owned Business: Minority-owned business means a business concern that is at least 51% owned by one or more minority individuals or in the case of a corporation, partnership or limited liability company or other entity, at least 51% of the equity ownership interest in the corporation, partnership, or limited liability company or other entity is owned by one or more minority individuals and both the management and daily business operations are controlled by one or more minority individuals.

All small businesses must be certified by the Commonwealth of Virginia Department of Small Business and Supplier Diversity (SBSD) by the due date of the solicitation to participate in the SWaM program. Certification applications are available online at www.sbsd.virginia.gov.

Proof of SWaM Small, Micro Business Certification

RFP Reference
Sec. VIII, A, 6, c), a
RFP Page 15 of 37

COMMONWEALTH of VIRGINIA
Department of Small Business and Supplier Diversity

Company Name: Advanced Environment Solutions, Inc
Certification Number: 698829
Small Certification Start Date: Jun 26, 2023
Micro Certification Start Date: Jun 26, 2023
SWaM Certification Expiration Date: Jun 26, 2028

Dear Applicant,

We are pleased to inform you that your request for certification has been approved. Your company has been approved for the following designations:

Small, Micro

Your SWaM certification is valid for a term of five years from the date of your approval; re-certification is required at the end of that term.

You may log into your account to download a copy of your company's SWaM certificate as well as the SWaM-certified logo to use on marketing materials.

You will see your company listed as a certified vendor in our directory at <https://www.sbsd.virginia.gov/directory/>

It is very important that you keep your contact information up to date. Submit your changes electronically by logging into your account and updating the necessary information.

To do business with the Commonwealth of Virginia, you need to register your company with the eVA system, the state's online procurement system at <https://eva.virginia.gov> . All state solicitations are conducted on this site.

To check Procurement and Business Opportunities with state agencies, local governments, and others, please visit: <https://mvendor.cgieva.com/Vendor/public/AllOpportunities>

If you need assistance to operate your business, please visit this site: <https://bos.sbsd.virginia.gov/>

Sincerely,

Virginia Department of Small Business and Supplier Diversity

Re: Advanced Environment Solutions, Inc.

To Whom It May Concern:

This is to advise you that, based upon our current information, we are willing to entertain bonds for this organization for construction contracts up to the amounts of [REDACTED] (Aggregate), subject to the usual underwriting criteria.

Please understand that any arrangement for surety credit is a matter between contractor/applicant and ourselves and we assume no liability to you or any third parties if for any reason we do not supply said bond or bonds.

This letter is not an assumption of liability nor is it a bond. It is issued only as a letter of recommendation requested from us by our client.

Granite Re, Inc. is an "A+" rated company by A.M. Best and is a federally approved surety by the United States Department of the Treasury.

Sincerely,

Granite Re, Inc.

A handwritten signature in black ink, appearing to read 'A. Fischer', is written over a faint, circular embossed seal.
